PROFESSIONAL SUMMARY

I'm an experienced Flutter Developer with professional experience and specialising in mobile and web application development. My technical expertise in Flutter, Android, iOS, Kotlin and Dart with a strong background in software engineering. Demonstrated ability to deliver high-quality software solutions and collaborate effectively with cross-functional teams. My career is also marked by a commitment to continuous learning and adaptation, integrating the latest technologies into my work to stay at the forefront of industry trends. Whether working on sports, media, or health applications, I have a proven track record of leading mobile solutions that significantly enhance user engagement and satisfaction.
